2010 TravelMate 8000 Series

8172/T/Z, 8372T/G, 8472T/G, 8572T/G

- Excellent performance
- Industry-leading security
- Reliable manageability
- Eco-friendly platform

Product Highlights

Acer confidential. Internal use only.

Value proposition

The TravelMate 8000 Series is the optimal turn-key solution for the SMB market, covering the needs of both corridor and road warriors. The excellent performance of Intel® Core™ processors[1] combines with broad graphics options, industry-leading security features, reliable manageability, and an eco-friendly platform.

This series comes in four screen sizes: 11.6", 13.3", 14" and 15.6" and all models boast 8 hours[2] of battery life, to present a complete, competent line-up for on-the-go professionals.

Road warriors

The TravelMate 8172/T/Z and 8372T/G provide maximized mobility and deliver excellent performance — great for conducting business around the globe.

Ultra-portable

- ✓ 11.6" and 13.3" display
- ✓ 1" thin and lightweight
- ✓ Metal-alloy protection
- ✓ Reliable and secure
- ✓ All-day business partner

Excellent performance

- ✓ Smarter, faster next-generation platform
- ✓ 8-hour battery life[1]
- ✓ Seamless communication

[1] With 5600 mAh 6-cell Li-ion battery pack for TravelMate 8172T/Z; with 6000 mAh 8-cell Li-ion battery pack for TravelMate 8372T/G.

See speaker's notes for battery life details.

Acer confidential. Internal use only.

Corridor warriors

The TravelMate 8472T/G and 8572T/G deliver full-size-notebook usability and performance in easy-to-carry sizes, great for spreadsheets, presentations, and more — and perfect for moving between meeting rooms, business conferences and offices.

Full-scale access

- ✓14" and 15.6" display
- ✓ Wider view for easy reading
- ✓ Numeric keypad[1] for fast data entry
- ✓ Optical disc drive

Excellent performance

- ✓ Smarter, faster next-generation platform
- ✓ 8-hour battery life[2]
- ✓ Seamless communication

TravelMates deliver

Excellent performance

Excellent performance in a slim and light form factor about 1" thin, with extended battery life and seamless communication.

Industry-leading security

Multiple layers of high-tech security features keep users safe and protected.

Reliable manageability

A ruggedly designed chassis made with light metal alloys and a straightforward interface for convenient use.

Eco-friendly platform

Compliant with eco-standards and featuring power-saving technologies for energy-efficient operation.

Acer confidential. Internal use only.

Excellent performance

Intel® Core™ i7 / i5 / i3 processors[1]

Powerful next-generation processing technology is smarter and faster, for more work with less waiting.

- **Smart multitasking[2]**
- **Advanced content creation**
- **Accelerated productivity**
- **Adaptable performance[2]**

Next-generation processor and graphics architecture

Intel® Hyper-Threading technology

Innovative Intel® HD Graphics

Windows® 7

DDR3 system memory

[1] Specifications vary depending on model. TravelMate 8172Z is configured with an Intel® Pentium® processor.

[2] See speaker's notes for details.

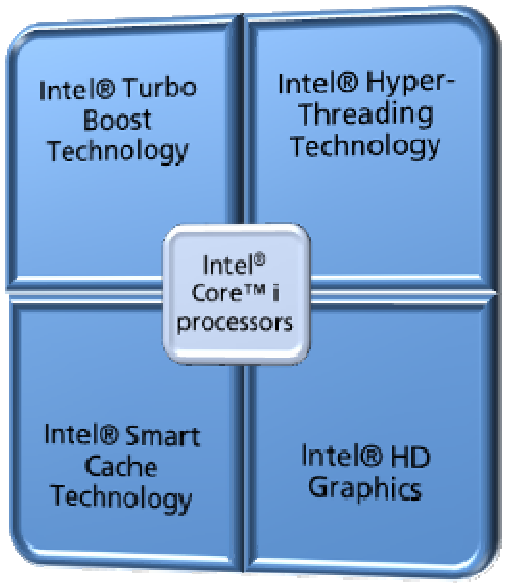
Excellent performance

Smarter, faster technology

Adapts to businesses as they grow.



- **Intel® Turbo Boost Technology[1]**
  - Intelligently accelerates performance when there is thermal headroom to match the workload for both CPU and GPU.
- **Intel® Hyper-Threading Technology**
  - Smart multitasking by enabling each processing core to run multiple tasks, or "threads," at the same time.
- **Intel® Smart Cache Technology**
  - Enables dynamic and efficient allocation of cache to match the needs of each core for efficient data storage and manipulation.
- **Intel® HD Graphics[2]**
  - Enhanced Intel® HD Graphics now integrated with the processor.

[1] Intel® Turbo Boost Technology is available with Intel® Core™ i7 and i5 processors only.

[2] Specifications vary depending on model.

Industry-leading security

Enhanced Acer DASP (Disk Anti-Shock Protection)[1]

Damper-like 360° protection insulates the hard disk from damage.

- Integrated into the design of all Acer TravelMates.
- Measures stress points in five critical areas (corners and center) on the hard disk, and absorbs shocks on the most affected area.
- Handles stress from the X, Y and Z axes.

Up to 20% better protection in the X, Y and Z axes ensures multi-directional safeguarding of data.

Enhanced DASP

[1] Specifications vary depending on model.

Acer confidential. Internal use only.

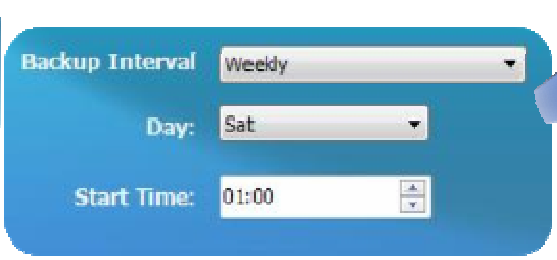
Industry-leading security

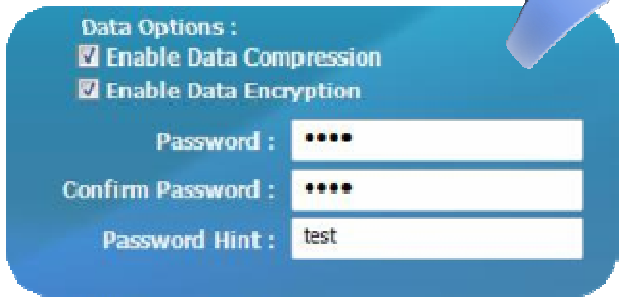
Acer Backup Manager[1]

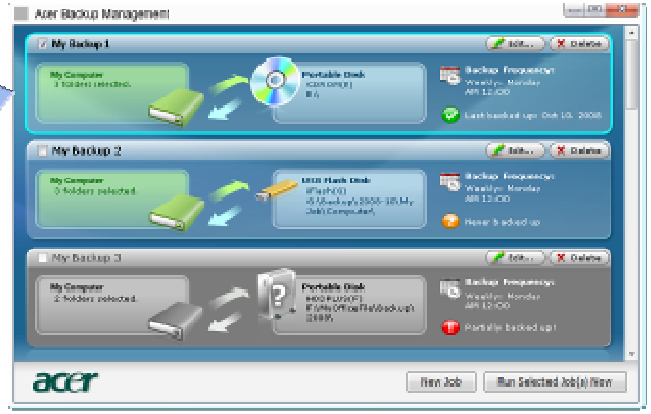
A flexible data management solution. Quick, secure backups and simple restorations ensure system integrity for worry-free operation.

Scheduled backups

Set up backup tasks to perform in specific intervals on a hourly, daily, weekly or monthly basis







On-the-fly compression

Compress data during backup to save extra space

Personal security

Encrypt confidential data during backup to keep it safe and secure

Smart restore

Restore system to the latest backup in case of accidental deletion or data loss

[1] Specifications vary depending on model.

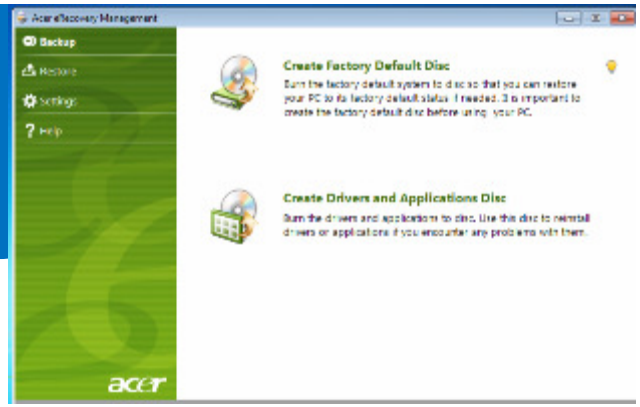
Acer confidential. Internal use only.

Industry-leading security

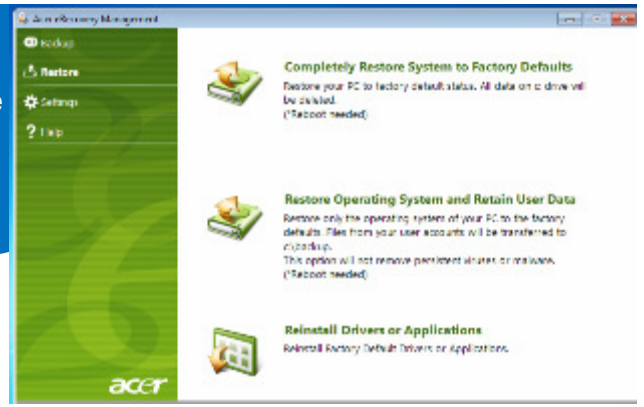
Acer eRecovery Management

Full system recovery CD restores software to original condition.

Backup
Create a backup disk and restore applications and drivers



Restore
Recover TravelMate to factory default, or re-install applications on demand



Security
Password protected for access by authorized users only

TravelMate 8572T/G summary[1]

The 15.6" TravelMate 8572 is the optimal notebook for SMB corridor warriors. The excellent performance of an Intel® Core™ processor combines with advanced graphics, industry-leading security features, and reliable manageability in an eco-friendly platform. To top it off, this thin, light notebook boasts 8 hours[2] of battery life, perfect for on-the-go professionals.

- ✓ Intel® Core™ i7 / i5 / i3 processors
- ✓ 15.6" HD 1366 x 768 pixel resolution, high-brightness LED-backlit TFT LCD
- ✓ Discrete: NVIDIA® GeForce™ GT 330M/310M with switchable graphics technology
- ✓ Onboard: Intel® HD Graphics
- ✓ Up to 4 GB of DDR3 system memory, upgradable to 8 GB
- ✓ Up to 640 GB or larger HDD, with enhanced Acer DASP
- ✓ 8X DVD-Super Multi drive
- ✓ Integrated 1.3 MP webcam, mic, Wi-Fi®, Bluetooth® 3.0+HS, optional 3G
- ✓ 6000 mAh 6-cell battery
- ✓ Available with Windows® 7

- Excellent performance
- Industry-leading security
- Reliable manageability
- Eco-friendly platform
